

## **David Byrd: VOICES**

David Byrd: VOICES works to preserve and promote the legacy of the artist David Byrd. We organize exhibitions, symposiums and theatrical performances, which provoke, challenge and explore the perceptions of mental illness and art.

### **David Byrd: VOICES staff**

Jessica Farrell, Jody Isaacson and Walter Putrycz discovered and maintained a personal relationship with David Byrd. While working with him to catalogue his paintings, he shared his life history, his philosophy and the meaning of his work. Since his death, they have archived his paintings and drawings, transcribed his writings, curated exhibitions and organized conferences focused on mental health. For more information please visit
